F N A V P G	Nylon Cloth B499 / White	PAL-375-499	PAL-500-499	PAL-750-499
F A S P G	Polyester B488 / White	PAL-375-488	PAL-500-488	PAL-750-488
F A P G	Polyester B423 / White	PAL-375-423	PAL-500-423	PAL-750-423
F A P G	Polyester B430 / Clear	PAL-375-430	PAL-500-430	PAL-750-430
F P G	Vinyl B439 / White**	PAL-375-439	PAL-500-439	PAL-750-439

*Application Key

- F** Freezer (-70°C)
- N** Liquid Nitrogen (-196°C)
- A** Autoclave
- H** Hot Water Baths (100°C)
- L** Low-Profile (extremely thin)
- V** Vial Identification
- S** Slide Identification
- P** Plate Identification
- G** General Identification

* B461 is acceptable for use in liquid nitrogen only when wrapped upon itself, as in self-lamination.

** B439 vinyl is available in blue, green, orange, red and yellow.

Need the most powerful portable printer? Check out the LAB PAL's big brother – the TLS2200® Portable Labeling System.

Brady offers the ultimate answer to your lab's toughest labeling challenges. The easy to use TLS2200 labeling system is a light weight (2.75 lb./1.25 kg) portable printer that provides capabilities such as thermal transfer printing, bar coding and multiple material configurations. Printing labels for vials, vial tops, test tubes, well plates, beakers and slides is faster and easier than ever before.

- ▶ Pre-cut labels for PCR tubes, vial tops and every shape and size for the lab
- ▶ Easy to serialize or print multiple labels – ideal for aliquots
- ▶ Prints code 3 of 9 bar codes (also prints 128 and UPC bar codes when connected to a PC)
- ▶ PC compatible (using LabelMark™ software)
- ▶ Self-Lam (wrap around labels) with a clear window to check fluid levels

Catalog Number
TLS2200

Description

Printer (system includes hard case, R6210 ribbon, battery pack, battery charger, Quick Start Guide, manual, communications cable, test labels (PTL-19-423), one cleaning card.)
